

Statements of ISOM Teachers

The potential of training thousands of leaders from all over the world, via video, is awesome. We support this vision whole-heartedly.
Joyce Meyer

I believe that this vision for the International School of Ministry is of God. It will inspire God's people globally and stir them into action as never before.
Reinhard Bonnke

My heart aches for others in remote regions who lack the opportunity for quality leadership training. I believe God has raised the International School of Ministry to meet the Churches greatest need.
Dr. Dick Eastman

People are changed when they get into God's word and His word gets into them. It is the only thing that will provide lasting results and changed lives. ISOM is preparing thousands worldwide to bring forth the Word... and fruit that remains.
Marilyn Hickey
